Idaho Braces for Additional Flood Damage

By THE ASSOCIATED PRESS

Southeastern Idaho braced for more flooding today as damage estimates reached the \$5-million mark. Thousands were homeless. Southern California cleaned up after a devastating six-day rain-storm which left a sea of mud and debris, property damage estimated by officials at nearly \$1.5 million and 26 storm-related deaths.

A body of water 16 miles long and two miles wide—but shallow—was moving slowly toward Blackfoot, Idaho. This was melted snow, augmented by continued rains.

Water was five feet deep in parts of Pocatello, a city of 27,000 in southeastern Idaho.

In northern Nevada, U.S. Highway 40 was washed out near Elko. Tracks of the Western Pacific Railroad were flooded.

At Battle Mountain, Nev. Southern Pacific Railroad officials refused permission to dynamite the line's tracks, claiming that it was U.S. 40 that was backing up Reese River flood waters. Some citizens dynamited the tracks anyway.

When the flooding Big Horn River in north central Wyoming roared down the town of Greybull its 2,286 residents fled to the hills. However, the crest-caused by two ice jams upstream—was held in check by dikes and the refugees returned to their homes Tuesday night.

High water and ice flows threatened to rip out a bridge across the Green River between Green River, Wyo., and the Flaming Gorge dam construction town of Dutch John in northeastern Utah. Gov. Robert E. Smylie asked President Kennedy to declare southeastern Idaho a disaster area and provide \$250,000 in immediate aid. He put the damage at \$5 million.

In Pocatello, thousands joined in the fight to hold back the Portneuf River, which was six feet over flood stage. Fifty thousand sandbags were flown to Pocatello from an Army depot at Stockton, Calif.

Lt. Col. James S. Keel, Idaho's civil defense director, said that at least 450 homes in Pocatello were awash; 600 were flooded to some degree in Idaho Falls; most of the homes of the 500 persons in Bancroft and 680 in Sugar City also were flooded. Keel said the major trouble spots were Pocatello and, potentially Blackfoot.

New Manager for Ft. Smith Stations

FORT SMITH, Ark. (AP)—Henry H. Steele of Little Rock has been appointed executive vice president and general manager of radio stations KFFW, Fort Smith, and KZNG, Hot Springs.

The announcement was made today by George T. Henrich of Fort Smith, owner and president of the radio properties.

Henrich said that Steele soon would also be manager of a new television station at Jonesboro.

For the past 8½ years, Steele has been associated with radio station KVLG at Little Rock and has been general manager the past six months. He formerly was with KGKO at Dallas.

Walls Tumble as Quake Shakes Chile

SANTIAGO, Chile (AP)—A sharp earthquake tumbled some walls in central Chile early today and revived fearful memories of the upheavals that killed several thousand persons in May 1960.

Police said the tremor hit Concepcion, Chile's second city, 300 miles south of Santiago.

Communication lines were broken south of Temuco in the same area. There was no word from such once-stricken southern cities as Valdivia, but the quake was believed to have been strong there also.

There was near panic though no reported casualties in Concepcion, the country's main industrial center. The damage was largely confined to collapse of walls of buildings cracked in 1960.

Hundreds of persons in pajamas and nightgowns ran to city squares and other open spaces as the quake struck at 1:45 a.m. The rumble lasted about 40 seconds. It was followed about half an hour later by another of considerably less intensity.

Temuco and Talcahuano were among other points affected. Electric current was cut off for periods ranging up to an hour. Northern cities, including Santiago, did not feel the quake.

Suit Filed Against Rice Farmer

LITTLE ROCK (AP)—A suit seeking a further penalty against James Weir of Dermott for overplanting his rice acreage allotment was filed in U.S. District Court Tuesday.

The Department of Agriculture suit contends Weir owes a \$10,244 penalty for overplanting in 1960.

Monday Federal Judge J. Smith Henley issued a final ruling holding that Weir owes \$17,487 for 1959 and \$8,339 for 1958 overplantings.

Weir had already paid the 1958 penalty but appealed, seeking to recover it.

The beleaguered rice farmer contends acreage allotments are unconstitutional and has been involved in a running legal battle with the federal government over the matter.

In its new suit, the government charged that Weir had a farm marketing excess of 264,712 pounds of rice in 1960.

The penalty rate, the suit said, was 3.87 cents a pound which was due Jan. 15, 1961.

The suit also seeks the names and addresses of the persons buying Weir's 1960 rice crop. The government said it has a lien against the rice for the amount of the penalty.

Weather Again Delays World Orbit Attempt

By BEM PRICE

CAPE CANAVERAL, Fla. (AP)—A new storm in the eastern Atlantic today threatened to force a ninth postponement of the orbital flight of astronaut John H. Glenn Jr., now very tentatively set for Thursday morning.

Glenn, Marine lieutenant colonel, had hoped to get off on his long-delayed triple whirl about the world this morning, but a heavy overcast drifting over the boiling Atlantic forced Project Mercury officials to put it off until 7:30 a.m., Eastern Standard Time, Thursday, at the earliest.

A weather advisory issued shortly before 10 a.m. today by the National Aeronautics and Space Administration made it highly uncertain that the historic flight would go Thursday. It was being freely predicted here that it would probably go over until Friday at the earliest.

Officials won't push the button for Glenn's Atlas to rise skyward until assured that weather conditions in the recovery areas won't be too foul. Otherwise there would be danger that the astronaut and his data-filled capsule would be lost in rough seas.

The NASA weather advisory today said:

"The intense low pressure trough located just east of Bermuda is still active.

"A new storm center is moving off Cape Hatteras, N.C., this morning, and is forecast to be near Bermuda Thursday morning, with strong winds and rough seas covering much of the area to the east and west of Bermuda."

If Glenn completed only one orbit he probably would be brought down about 500 miles east of Bermuda. After two orbits the plans are for him to alight about 500 miles south of Bermuda, and after three orbits, about 800 miles southeast of Cape Canaveral.

If the bad weather forecast continues unchanged, the ninth postponement might be announced officially about midafternoon today.

The eighth postponement was made known to newsmen shortly after 2 a.m. today.

As soon as the cancellation was determined, O.B. Lloyd, NASA public information director, advised the White House of the delay by telephone.

Glenn was awakened at 2:15 a.m. by his doctor, William K. Continued on Page Two

Ouachita Valley Officials Named

MONROE, La. (AP)—Monroe banker Grayson Guthrie is the new president of the Ouachita River Valley Association.

The group elected him Tuesday to succeed H. W. McMillan, an Arkadelphia, Ark., attorney who headed the association for ten years.

Other officers elected included Vice Presidents Harold Wood and Louis Hurley, both of El Dorado, Ark.; H. K. Thatcher of Camden, Ark., reappointed executive vice president; and Treasurer George Shankle and Secretary Leon Bond, both of Camden.

Col. Warren S. Everette of Vicksburg, Miss., was the featured speaker at the convention's closing session. The Ouachita Valley, he said, has so much potential it could escape a "nuclear holocaust unscathed" provided fallout shelters were made available.

The President declined to say how Powers was brought down while flying a high-altitude U.S. reconnaissance photo plane over Russia on May 1, 1960. He said an answer must await the end of questioning by appropriate government authorities.

In his opening statement, the President said he knew there have been many questions about the case of Abel and of Powers.

He said he is happy Powers is back and that he can add only that Powers is cooperating voluntarily with the government in discussions of important information.

Powers will be free to testify to Congress after the official interrogation and will be made available to the press "at the earliest possible moment," the President promised. There have been numerous demands in Congress for committee interrogation of the pilot.

The President was asked what Powers' status would be after the quizzing. Kennedy said Powers would be a free agent, able to carry on any activity he chose.

Powers and his high-altitude U2 reconnaissance plane crashed 1,200 miles inside Russia. Powers was seized, tried on espionage charges, pleaded guilty, and was sentenced to 10 years in prison.

After months of secret negotiations, he was exchanged for Abel, a Soviet master spy, who was convicted in 1957 of stealing U.S. military and atomic secrets and given a 30-year prison sentence.

The trade took place Saturday in the center of a bridge dividing West Berlin from Communist East Germany shortly after dawn.

A cloak of secrecy promptly was thrown around Powers. He was rushed by plane to the United States for a reunion with his wife and parents and questioning by American authorities, apparently at a hideout on the eastern shore of Maryland.

A second major topic of the day came up second at the Kennedy session with newsmen.

Smackover Seeks Radio Station

WASHINGTON (AP)—The Federal Communications Commission rescheduled today for April 4 a pre-hearing conference on applications of Smackover Radio, Inc., Smackover, Ark., for a permit to operate a radio station and by Magnolia (Ark.) Broadcasting Co. for an increase in power of its radio station KVMA.

The rescheduling was ordered at a meeting of attorneys for the applicants with an FCC examiner.

The delay was granted at the request of John Smith, Washington lawyer for Smackover, who said clear channel regulation changes under consideration by the commission necessitate further studies of the case by Smackover.

Robert Ducks Egg, Gets Big Welcome

By PETER ARNETT

JOGJAKARTA, Indonesia (AP)—The Robert F. Kennedys got the biggest welcome of their Indonesian tour at this former capital today. About 50,000 persons gathered to watch them drive from the airport past terraced rice fields and coconut groves to the city.

The U.S. attorney general and his wife, Ethel, smiled and waved. The Indonesians responded enthusiastically. Their greeting contrasted with a restrained reception in Jakarta, the seat of President Sukarno's neutralist government.

Foreign Minister Subandrio accompanied the Kennedys on their trip in the hinterlands. Indonesia sources said he is to continue talks with the attorney general on the Dutch-Indonesian crisis over West New Guinea.

Kennedy ducked a tossed fried egg at Jakarta this morning in the first incident of trouble on his visit.

Later he talked with Sukarno about West New Guinea.

Powers Giving Cooperation, JFK Assures

WASHINGTON (AP)—President Kennedy said today U2 pilot Francis Gary Powers is cooperating voluntarily with government interviewers and eventually will be free to testify to congressional committees and appear at a news conference.

Kennedy opened a news conference with a statement on the case of Powers, who was freed by the Russians Saturday in exchange for U.S. release of Soviet spy Rudolf Abel.

The President declined to say how Powers was brought down while flying a high-altitude U.S. reconnaissance photo plane over Russia on May 1, 1960. He said an answer must await the end of questioning by appropriate government authorities.

In his opening statement, the President said he knew there have been many questions about the case of Abel and of Powers.

He said he is happy Powers is back and that he can add only that Powers is cooperating voluntarily with the government in discussions of important information.

Powers will be free to testify to Congress after the official interrogation and will be made available to the press "at the earliest possible moment," the President promised. There have been numerous demands in Congress for committee interrogation of the pilot.

The President was asked what Powers' status would be after the quizzing. Kennedy said Powers would be a free agent, able to carry on any activity he chose.

Powers and his high-altitude U2 reconnaissance plane crashed 1,200 miles inside Russia. Powers was seized, tried on espionage charges, pleaded guilty, and was sentenced to 10 years in prison.

After months of secret negotiations, he was exchanged for Abel, a Soviet master spy, who was convicted in 1957 of stealing U.S. military and atomic secrets and given a 30-year prison sentence.

The trade took place Saturday in the center of a bridge dividing West Berlin from Communist East Germany shortly after dawn.

A cloak of secrecy promptly was thrown around Powers. He was rushed by plane to the United States for a reunion with his wife and parents and questioning by American authorities, apparently at a hideout on the eastern shore of Maryland.

A second major topic of the day came up second at the Kennedy session with newsmen.

Broadcasting Co. for an increase in power of its radio station KVMA.

The rescheduling was ordered at a meeting of attorneys for the applicants with an FCC examiner.

The delay was granted at the request of John Smith, Washington lawyer for Smackover, who said clear channel regulation changes under consideration by the commission necessitate further studies of the case by Smackover.

Russia Told Progress on Disarming Comes Before Summit Meet

Cuba Walks Out of American States Organization After Ouster Vote Is Submitted

WASHINGTON (AP)—Cuba walked out of the organization of American States today, saying it was not interested in remaining in the Inter-American system.

The Cuban walkout came moments after the president of the OAS council, Alberto Zuleta Angel of Colombia, had recommended that the Punta del Este resolution ousting Cuba from the system be sent to the council's general committee for urgent study.

The foreign ministers of the 21 member states, meeting last month at Punta del Este, Uruguay, adopted a resolution saying that the Cuban regime is incompatible with the Inter-American system and, "This incompatibility excludes the present government of Cuba from participation in the Inter-American system."

The actual procedure for expelling Cuba was left to the OAS organization here.

Soon after today's OAS meeting opened, Cuban delegate Carlos

M. Lechuga walked out. He said the Punta del Este resolution was illegal and that, "We are going to retire anyway, we don't want to remain in this organization."

Lechuga told newsmen, "This last phase of the OAS proceedings has been shameful. It is shameful that even yesterday Cuba's chair had been removed. However, some delegates protested and the chair was restored."

OAS sources said Cuba had not been invited to today's session and was not notified that it was taking place.

Lechuga told newsmen that his object in attending today's meeting was "to protest with our presence the illegality of today's proceedings. We consider that they were in violation of the OAS charter."

Lechuga said the council president had no power to interpret the Punta del Este resolution and that he had acted illegally in not opening the question for debate.

Here's How Lawmakers Cast Votes

WASHINGTON (AP)—How Arkansas members of Congress were recorded as voting on recent roll calls:

Senate

On Lausche, D-Ohio, amendment, rejected 37-59, to eliminate \$924 million scholarship fund from college aid bill and add \$85 million for scholarships under National Defense Education Act: For—McClellan. Not voting—Fullbright.

On Ervin, D-N.C., amendment, rejected 15-27, to limit benefits under college aid bill to public institutions: For—McClellan. Not voting—Fullbright.

On passage, 68-17, of college aid bill authorizing a \$2,670,000,000 program for facilities and scholarships: Against—McClellan. Not voting—Fullbright.

House

On passage, 231-169, of bill authorizing an additional assistant Secretary of Commerce to handle scientific and technical activities: For—Alford, Gathings, Harris, Mills, Norrell, Trimble.

On passage, 231-169, of bill authorizing an additional assistant Secretary of Commerce to handle scientific and technical activities: For—Alford, Gathings, Harris, Mills, Norrell, Trimble.

Electoral College 'Outdated'

LITTLE ROCK, Ark. (AP)—Sen. Karl E. Mundt, R-S.D., told a non-political organization here Tuesday night that reform of the Electoral College would rid the country of big domination of national politics.

Mundt, who arrived here after touring Redstone Arsenal at Huntsville, Ala., spoke to the Executives' Club.

The Electoral College system of counting votes, Mundt said, "plays into the hands of pressure groups and was rigged by politicians in big cities."

The South Dakota Republican urged active support for the Committee on Electoral College Reform, which proposes that every voter should cast three votes in the college—two at-large and one for the congressional district in which he lives.

Commenting on American foreign policy, Mundt said the failure of the United States to deal firmly with communism in Cuba has reduced the country's leadership and dropped "our prestige throughout the world."

During a question-and-answer period, Mundt said he feels the U.S. should do what it can to keep the United Nations alive but should not be placed in a position of supporting it entirely.

He said he agreed with Sen. Jacob Javits, R-N.Y., concerning the purchase of U.N. bonds.

Javits has proposed the U.S. buy \$20 million in U.N. bonds and then match purchases on a million-for-million basis.

Answer to Red Premier's Call for Conference

WASHINGTON (AP)—President Kennedy told Soviet Premier Khrushchev today that "much clarifying work" toward disarmament will have to be completed before a summit meeting is possible.

But Kennedy added in a message to the Soviet leader:

"This may be necessary in any case before June 1 when a report is to be filed on the progress achieved."

Kennedy told Khrushchev he does not question the usefulness "or perhaps even the necessity of a meeting of heads of government."

He added:

"Indeed, I am quite ready to participate personally at the heads of government level at any stage of the conference when it appears that such participation could positively affect the chances of success."

Kennedy referred to the 18-nation disarmament conference scheduled to open in Geneva on March 14.

The U.S. message was delivered to Soviet Foreign Minister Andrei Gromyko in Moscow today and the British quickly followed with their own answer to Khrushchev's proposal that a summit session of 18 nations start the disarmament negotiations opening in Geneva March 14.

The British proposal was that a summit meeting be held after some progress has been made at a lower level.

The reply from British Prime Minister Macmillan said further that "meetings at the foreign ministers level would be the best instrument for achieving progress at the opening stages" of the Geneva session.

A Western proposal to start at the foreign ministers level was the trigger for Khrushchev's counter suggestion of a summit meeting.

LONDON (AP)—Prime Minister Macmillan today proposed to Premier Khrushchev that a summit conference be held after some progress has been made at a lower level on problems of disarmament.

In a communication delivered to the Soviet leader, Macmillan said he thought "meetings at the foreign ministers level would be the best instrument for achieving progress at the opening stages" of the 18-nation disarmament conference scheduled to open in Geneva March 14.

A similar communication was sent to Khrushchev by President Kennedy.

Bids Taken Highway Jobs

LITTLE ROCK (AP)—Bids will be opened March 7 by the Arkansas Highway Commission on 10 road and bridge projects estimated at \$6.75 million.

Among major jobs are three on separate portions of U.S. Highway 65 which traverses the state from the southeast to the northwest.

One Highway 65 project calls for reconstruction of 10.7 miles from McGehee northward. A second is for 7.8 miles of construction in Pulaski County. Included in this are two overpasses and one underpass.

A third section is 7.9 miles between Balkinburg in Van Buren County and the Searey County line.

Caldwell to Penney Co. Convention

W. R. Caldwell, manager of Penney's, will be in Dallas late February for the company's 50th anniversary convention of store managers, in its Southern zone.

Also attending the convention is the Sheraton-Dallas Hotel will be James Cash Penney, founder of the department store chain, which bears his name, and other officials and personnel from the company's Central Office in New York.

Mr. Caldwell will be one of 400 managers of Penney stores in the Southern Zone at the convention. The zone includes Alabama, Florida, Georgia, Louisiana, Mississippi, North and South Carolina, Tennessee and parts of Arkansas, Kentucky, Missouri, New Mexico, Oklahoma and Virginia. Mrs. Caldwell will accompany her husband.

The 406 managers will divide into two groups for the convention with the first group in attendance Feb. 20 and 21 and the second, Feb. 22 and 23.

Focus point of discussion at the convention will be Penney's 50th anniversary being observed during 1962. Mr. Penney founded the company's first store in Kemmerer, Wyo., back in April, 1902. The

Weather Again

Continued From Page One

Douglas, and advised of the postponement. He had gone to bed in his special quarters four miles from the launch pad at 7 p.m. He was scheduled to arise at 2 a.m. for today's 7:30 a.m. launch.

U. S. Col. John H. Powers, another NASA spokesman said Glenn accepted the nerve-fraying news calmly and ate what was to have been his pre-launch breakfast.

Powers quoted Glenn as saying: "Well, we knew the weather was forecast to be marginal, so I'm not too surprised. All we can do now is watch the weather. Everything else, including me, is going to go back to bed and get some rest."

The decision to postpone the flight was made by Walter C. Williams, Project Mercury operations director, after a two-hour weather conference which began at midnight.

This conference drew on information gathered by wide ranging weather planes and from ships stationed in the areas selected for a landing by Glenn, depending on whether he made one, two or three trips around the globe.

Asked how long the launch could be postponed on a day-to-day basis, Powers said: "We can go on this way for four or five days."

The NASA statement detailing the 24-hour delay said:

"The weather indication was considered to be unsatisfactory for a launch Wednesday morning. The forecast for the next 24 hours is for continued marginal weather in the emergency landing areas from Bermuda to the Canary Islands. A low pressure system located in the mid-Atlantic is expected to produce continued cloudiness, moderately rough seas and moderate winds."

Powers put this into simpler language in explaining the length of the weather conference.

"It was a matter of evaluation," he said, "getting reports from down range ships. This was what really took so long, waiting for some pretty rough weather out reports from the ships. There's no time like home..."

OUR ANCESTORS by Quincy

"Cheer up, dear—it's only 12 more tons until spring!"

BROWNSTONE GOTHIC by Elizabeth Sheldahl

THE STORY: A skating party has been held by the Russells in honor of Jenny, their niece. During the supper Jenny suddenly goes into gales of laughter at an unfunny joke.

Chapter 9

Jenny's laugh kept on, going higher and higher. Her face turned scarlet and her hands jerkily tore her little lace handkerchief to bits.

Wondering why Aunt Judith herself didn't help, Hilda managed to get Jenny on her feet.

A maid guided them to the ladies' cloakroom.

Hilda tried to get Jenny to lie on the couch, but Jenny seemed unable to stay still.

It seemed hours before Jenny's sobs trailed off into hiccupping sighs. She seemed to go limp, as though all her strength had left her. She lay still, staring apparently without sight, and occasionally giving a gasping sigh. At last, she asked in a whisper for water, drank thirstily, and asked for more.

Judith Russell came quietly into the room.

"How is she?" She whispered, but her worry was plain to her.

"She's quiet now," Hilda tried to keep reproach from her voice. Aunt Judith looked in Jenny's eyes and felt her hands.

"It must have been a bad attack," she said, after a minute. "Wait here. I'll send Clarence in to carry her to the sleigh."

Dr. Updyke, who had arrived the morning after Jenny's attack, had not seemed at all alarmed. He was a round, bouncy old gentleman, with a fleecy white whiskers, a brusque, jovial manner, and an air of vast reassurance. Hilda felt he confidently expected to cure anything but death—and possibly even that.

He pronounced a case of "nervous flutters." It was only to be expected, he told Aunt Judith with

Weather

scattered showers late tonight and early Thursday. Low tonight 45 to 50. High Thursday near 60. Friday partly cloudy and mild.

Southeast Arkansas: Partly cloudy and not so warm this afternoon. High 70-75. Increasing cloudiness tonight. Low near 50. Thursday mostly cloudy with widely scattered showers. High 60-65. Friday partly cloudy to cloudy and mild.

Northwest Arkansas: Partly cloudy to cloudy through Thursday with few showers likely late tonight and early Thursday. High this afternoon 55-60. Low tonight 35-40. High Thursday in mid 50s. Friday partly cloudy and mild.

Northeast Arkansas: Partly cloudy this afternoon becoming mostly cloudy tonight and Thursday with few showers likely Thursday. High this afternoon 55-60. Low tonight 40. High Thursday in mid 50s. Friday partly cloudy and mild.

ARKANSAS—Partly cloudy and cooler this afternoon and tonight. Thursday cloudy and mild with a few showers, beginning in the west portion late tonight. High this afternoon 60 north and near 70 south. Low tonight in upper 30s north to near 50s south. High Thursday low 50s to low 60s.

LOUISIANA — Clear to partly cloudy and mild through Thursday with considerable fog again tonight. Lowest tonight 55 to 60. Highest Thursday 75 to 80.

Paragould Suits Before Court

LITTLE ROCK (AP)—The Arkansas Supreme Court took under advisement Monday a motion to dismiss two Paragould city election contests.

Paragould attorney Charles Crooms requested dismissal of the contests on grounds that the trial records allegedly were incorrectly submitted.

The appeals were brought by Charles T. Wood and Robert H. Harris in connection with Mayor J. T. (Chigger) Brown and Alderman George Textor, both of whom now are holding offices.

Dismissal of the contests would mean that Brown and Harris were undisputed incumbents.

It was the contention of Marshall Carlisle of Little Rock that the trial records were in line with the rules of procedure. He asked that the court judge the case upon its full merits. Carlisle entered the case on appeal.

The county democratic Central Committee said Brown beat Wood by one vote and that Textor defeated Harris by eight votes. Circuit Judge Edward S. Maddox of Harrisburg declared Brown and Textor victors by slightly larger margins following a recount.

No Chance Negro to Enter College

NEW ORLEANS (AP)—There's no chance now James Meredith, 29-year-old Negro, will enter the all-white University of Mississippi this spring semester.

That was conceded Monday night by Mrs. Constance Motley, lawyer for the National Association for the Advancement of Colored People, soon after the 5th U.S. Circuit Court of Appeals here refused to issue an injunction that would admit Meredith immediately.

But Mrs. Motley said in New York the NAACP will continue to appeal the original decision rejecting the air force veteran.

The appellate court promised a decision on the merits of the appeal before the next college term.

In a 2-1 decision the court denied an injunction to admit Meredith to Ole Miss. The court said it wanted to study the full records of the case.

The injunction denial left standing U.S. Dist. Judge Sidney Mize's ruling holding that the Kosevsko, Miss., student was not turned down because of race. Race was the sole reason, Meredith said.

MR. AND MRS. BEN OWEN, OWNERS

Hilda felt she really must know more about Race, and she went to her best source, Cousin Mat-thew. But what he told her was scarcely reassuring.

Race, he said, had arrived, at most, not long after the Russells had settled into Russell House. He'd been taken in, and ended in a humiliating "the Street." At first, he'd done well, but then he'd gone "wild over a blonde niece," who'd cost him a pretty penny. So he tried to make a killing and lost everything, including his reputation.

Race was still accepted by society, but parents of eligible young ladies were now careful to keep their daughters away. All except Mr. Vanderhorn, who had, apparently, been willing to take even Race to get his Gertrude "off the shelf."

Not If U SHOP In HOPE

This is the Ford Fairlane's new Challenger "260" V-8.

There's no other V-8 like it. It's the latest in a series of Ford V-8 triumphs that started back in 1932 when Ford introduced the world's first popular-priced V-8. Today—30 years and 30 million V-8's later—the Challenger "260" adds new fuel to the hottest performance record in V-8 history. It gives you all the time-tested toughness of iron—with a lightness and compactness iron never had before. A muscular 164 hp, this new Challenger "260" V-8 is all snap, sparkle and smoothness. It runs on regular, yet gives you better gas mileage than any standard-size 6-cylinder car. Price it and you're in for a surprise—a Fairlane V-8 carries a smaller price tag than some compact Sixes. And, of course, a Fairlane gives you big-car room and fine-car quality you'll find in no other car anywhere near Fairlane's amazing low price. There's never been a buy like Fairlane because there's never been a car like Fairlane; that's why this all-new car from Ford is now out-selling every other "new-size" car!

Plea Innocent in Sister Kenney Case

MINNEAPOLIS, Minn. (AP)—

Six of seven persons formerly associated with the Sister Kenney Foundation pleaded innocent today to an indictment containing 15 counts of mail fraud and one of conspiracy when they were arraigned in U.S. District Court.

The seventh defendant, Marvin L. Kline, former foundation director, was not in court and his attorney said he was "ill and in utter collapse."

The seven men were charged with misusing funds contributed by the public for the charitable group's rehabilitation work.

Judge Gunnar Nordbye tentatively set Feb. 23 for Kline's appearance. He accepted a suggestion from the U.S. district attorney that a doctor be appointed to examine Kline.

Nordbye gave the defendants 30 days to file motions and all six were released on \$2,500 bond each. Dist. Atty. Miles Lord said he would not move for a trial date until the time for filing of motions has expired.

The defendants, indicted Jan. 30 by a federal grand jury, they are, in addition to Kline:

Fred Fadell, 53, Minneapolis, formerly Kenney publicity agent; J. George Zimmerman, 50, St. Paul, accountant who audited Kenney books and whose license has since been revoked by the state; Abraham L. Koolish, 77, and his son, David, 42, alleged owners of four Chicago firms that distributed foundation mail solicitations from 1952 to 1960; and John B. Carnell, 50, and Philip G. Rettig, Chicago, former presidents of New Century Corp., one of the Koolish firms.

The grand jury accused Kline and Fadell of awarding contracts to the Chicago firms in return for kickbacks and gifts totaling some \$360,000.

Almost three-quarters of the U. S. women over 70 years of age are widows.

Cook and their son, Herbert Jr.

Mr. and Mrs. J. A. Davis have gone to New Iberia, La., to see the Jimmy Wilsons. Mrs. Hinton Davis accompanied them to Alexandria, La., where she is visiting Mr. and Mrs. Kenneth Wakefield and sons.

Mrs. Herald Porterfield, Mrs. H. R. Hollingsworth and Mrs. Lloyd Leverett went to Texarkana Tuesday for the funeral of Mrs. T. O. Puttman.

Barbara Crosby Some Better

HOLLYWOOD (AP)—A physician said today the condition of Lindsay Crosby's wife Barbara is definitely improved although she remains unconscious and on the critical list.

The former Las Vegas, Nev., showgirl, 23, daughter-in-law of crooner Bing Crosby, was taken to St. Joseph Hospital in nearby Burbank Sunday. Her husband, 24, said she was ill from a complication of pregnancy. She expects her second child in June.

However, a statement today by Dr. Abner Moss, her physician, indicated the cause of her illness hasn't been determined. "Tests are being made as to the cause," it said.

The statement said also, "she is responding to neurological stimulation." A Crosby spokesman said this means she is recovering her reflexes.

Hotel Sale Ruled Completed

LITTLE ROCK (AP)—The Arkansas Supreme Court held unanimously Monday that technically sale of a Conway hotel was completed although the sale fell through when it was found the owner had a defective title.

W. D. Gorman, the hotel owner, filed suit seeking to recover a 5 per cent fee paid to Joe W. Newton for sale of the \$85,000 building.

The Supreme Court decision, which upheld Faulkner Chancery Court, said it could find nothing that the appellee, Newton, was required to do that he had not done.

"He had, through his exertions, procured a purchaser and the failure of the sale is chargeable not to the appellee, but to the failure of the appellants' (Gorman's) title," wrote Justice Neill Boldinger.

The sale fell through when it was discovered that a portion of the hotel was on federal property.

Self Control Urged for Pharmacists

LITTLE ROCK (AP)—Pharmacists attending the sixth annual meeting of the National Association of Boards of Pharmacy were told Monday that it is impossible to correct a wrong prescription if the patient is in the grave.

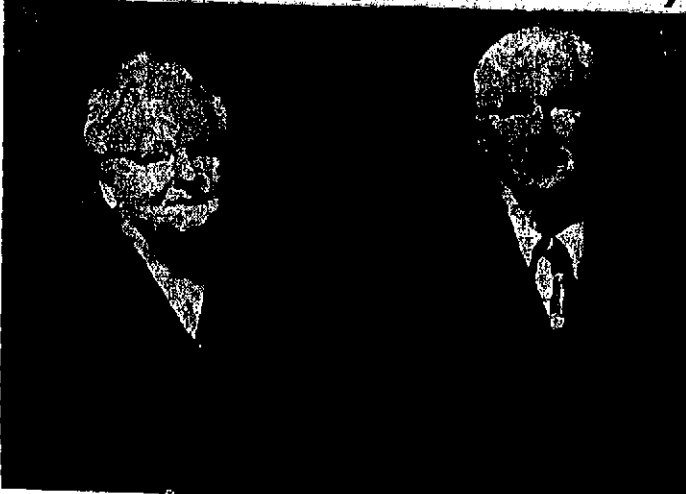

H. C. McAllister, association president, told delegates from Arkansas, Kansas, Louisiana, Missouri, Oklahoma and Texas that in spite of this, they should not rely too heavily on legal controls "to pull our professional chestnuts out of the fire."

McAllister said he believed pharmacists must easily control themselves without additional legal controls.

Self control he pointed out, involves trying to eliminate acts which endanger the public health as well as trying to provide services for those who need them.

The two-day conference closes today with a tour of the University of Arkansas Medical Center and School of Pharmacy.

60th Wedding Anniversary

Mr. and Mrs. J. O. Johnson

To observe the 60th wedding anniversary of Mr. and Mrs. J. O. Johnson of Columbus, their daughter, Mrs. Phil Hatley of Dallas, Texas, entertained with a family dinner at the Johnson home Sunday, February 11.

Mrs. Johnson's brothers and sisters, their wives and husbands who were at the dinner included Mr. and Mrs. Carl Stuart, Sr. of Hope, Mrs. Laura Darnall of Texarkana, Mr. and Mrs. John Hawkins of Foreman, J. L. Stuart of Washington, and Jim Stuart of Columbus.

Married in the Methodist Church

DOROTHY DIX

One For St. Valentine to Unsnarl

By HELEN WORDEN ERSKINE

Dear Helen: A University student should be able to solve most of his problems. I can but when it comes to love—oh, boy!

I am a sophomore majoring in medicine. This is a childhood dream come true. Ever since I was old enough to spell "cat," I wanted to be a doctor. Until three weeks ago, everything was smooth sailing, grades excellent, expenses met, and life in general very good. Then I met a girl at a dance and the ceiling caved in.

First whirl round. I knew she was the girl for me. To complicate matters further, she felt the same way. This would appear an ideal situation.

What more do I want? Ah, there is the little matter of my senses. I have lost them. I move about in a daze hypnotized by love. I open a book to study and see the girl not the text. I attend class and see her not the professor. She is in my thoughts awake and asleep. Exams are coming up shortly but I shall surely fail for my mind is a blank except where she is concerned. —Hopeless Future.

Dear Hopeless: You of all people shouldn't let yourself be trapped by nature. As a fledgling doctor you should not confuse sex with love. If you and this girl really love one another—and this means wanting nothing short of the best for each other—you will stick to your course. We gain direction by facing facts. Picture the hazards if you marry now: no profession, no money.

Killed Enroute to Father's Bedside

BRADFORD, Ark. (AP)—A young man was killed when his car overturned Monday night as he was on the way to the bedside of his father, who had been injured in a wreck a few hours earlier.

Billy Finley, 20, of Floral, Ark., touched with people in that town. Ask them to write your little girl. Get pictures of local landmarks for her room. Read stories of the region to her. Buy her records of its folk tunes. In other words, make her Scotland-conscious and love for its dances will be rekindled in her. That will come about naturally.

Dear Helen: My two daughters are getting married about the same time. Each expects a real wedding but we have not the money to pay for one let alone two. Would showers be a substitute? If forced to buy trousseaus, what clothes are necessary?—First Experience.

Dear First: Ordinarily the bride's parents are supposed to buy the trousseau, give her a bridal dinner, and pay for the wedding. After the ceremony, she is the groom's responsibility.

If you can't afford all these expenses, tell the girls they will have to settle for showers. Provide the refreshments, let them earn money for their trousseaus and wedding festivities. It will teach them the value of money—an essential in marriage.

Send your problem to Helen Worden Erskine care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "To Marry — or Wait?" Dorothy Dix is a registered trademark. A Bell Syndicate Feature

Unions Plan Big Political Drive

WASHINGTON (AP)—A top labor union political leader said today the AFL-CIO will start a "crash" registration drive in an effort to elect an additional 30 union-backed House members to Congress this fall.

Al Barkan, deputy director of the AFL-CIO Committee on Political Education, or COPE as it is called, said "we just don't have the votes" now to get union-sponsored legislation through Congress.

Barkan outlined plans for organized labor's 1962 political campaign at a citizenship conference sponsored by the International Union of Electrical Workers.

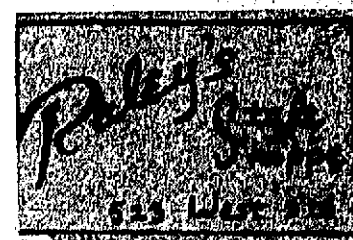

He said COPE will concentrate on voting precincts that were won by a narrow margin in the 1960 election. He said COPE helped win the 1960 election for President Kennedy by its registration and get-out-the-vote drives.

was crushed beneath his car after it overturned on a curve two miles north of Bradford on state Highway 87. His brother, Bob Finley, 21, was injured.

The father, Ray Finley, 44, was injured earlier in the evening when a trailer truck he was driving jackknifed and overturned at Pocahontas, about 70 miles north of Bradford. The elder Finley was reported in satisfactory condition in a Bradford hospital. A hospital source said he was told of the death of his son.

The truck which was loaded with dressed chickens. After the wreck, police called Finley's home and his two sons left for Pocahontas. The other son, Bob, suffered only minor injuries and returned to the family home at Floral, in Independence County.
